ADDITION TO BE BUILT TO BELLEVUE BOARDING HOUSE

We understand that a contract is to be let by the West Canadian Collieries, Limited, for the erection of a large wing to the Bellevue Inn boarding house.

The new wing will be located to the north of the west end of the building and will contain quite a number of bedrooms and afford space on the ground floor for a beer hall.

Messrs. Cantalini and Rinaldi, the new proprietors, have had the house thoroughly renovated of late and are now running a first-class hostelry.

HOME BANK'S LEAKS

Mr. G. T. Clarkson, liquidator of the Home Bank, stated in the course of his evidence before the Commons' committee in the Murdoch case that no fewer than 2500 withdrawals from the bank were made within the three days preceding its failure. From this it would appear that quite a number of off-color tips had been handed out, in addition to those which ministers like Mr. Murdoch got in their official capacity. The more the public learn of Home Bank matters, the uglier they look.

ODDFELLOWS' DECORATION SERVICE SUNDAY NEXT

Members of the local I.O.O.F. and Sister Rebekahs will gather at the hall on Sunday next at 2 o'clock, preparatory to parading to the cemetery, where graves will be decorated and the usual annual memorial service will be held. Visiting members are requested to attend.

Gaston Doumergue has been elected president of France by the national assembly.

OTTAWA AFTER BUFFALO RELICS

Little was thought a few weeks ago, when the huge remains of a buffalo that had travelled this region in bygone centuries, had been unearthed in the centre of the townsite of Blairmore, that historical societies and governments should become so interested as to want to acquire them at practically any cost.

On Monday of this week Mr. Putnam received the following wire:

"Bow Island, Alberta,
June 16, 1924.

L. H. Putnam,
Blairmore, Alberta.

Understand you have fossil buffalo head. Is it still available and will you present it to Geological Survey Museum? If so, I have instructions to go there and pack and ship it to Ottawa. Wire answer collect.

"A. J. Childhouse."

Mr. Putnam informs the press that he declines to entrust anyone with his precious fossils and that rather than accept the above offer he will accompany them to Washington, D.C., where he hopes the historical society of the United States will attend to their proper care and preservation.

Mr. Putnam has already refused an offer of seven thousand dollars for his "bones".

ORPHEUM THEATRE CHANGES HANDS

A most important real estate deal was put through here yesterday, by which the Orpheum Theatre, on Victoria Street, and residence property on Davidson Street, belonging to Mr. Pete Ubertino, was transferred to Mr. T. Ptahek, of Bellevue, for a cash consideration of upwards of \$15,000. We understand that climatic conditions not agreeing with Mrs. Ubertino is responsible for Mrs. Ubertino selling out.

POPULAR YOUNG COUPLE UNITED IN WEDLOCK

A pretty wedding ceremony took place at the Union Church last evening, in which Miss Violet Daisy, eldest daughter of Mr. and Mrs. James L. Warner, became the wife of Mr. Frederick Vernon Houghton, former member of the R.C.M.P.

The ceremony was performed by Rev. W. T. Young in the presence of a throng of witnesses.

The bride entered the church on the arm of her father to the strains of the Wedding March played by the organist, Mrs. Young. The bride looked exceptionally charming in a dress of white crepe satin with veil, wearing pearls, the gift of the groom, and carrying a bouquet of pale pink American Beauty roses. She was attended by her sister, Miss Flora, dressed in white satin with rose streamers and wearing a white picture hat, to match, and carrying a bouquet of deep pink American Beauty roses, while little Mamie Hamilton and Delma Hinds, dressed in white voile, acted as small attendants. The groom was supported by Mr. Charles Howe.

The church was tastefully decorated for the occasion with a large arch and numerous potted plants. Messrs. John Roe and Pete Wanock acted as ushers.

Following the ceremony the party repaired to the teacher's residence in West Blairmore, where a reception was held and a dainty repast was served. About fifty invited guests were present.

Wedding gifts were many, beautiful and useful and consisted of silver, ivory, cut glassware, etc. The groom's gift to the bride was a set of pearl ear rings, and to the best man a pair of engraved gold cuff links.

NOTICE TO CREDITORS AND CLAIMANTS

IN THE MATTER OF THE ESTATE OF JOHN SMITH, Late of Bellevue in the Province of Alberta, Miner, Deceased.

NOTICE is hereby given that all persons having claims upon the estate of the above named John Smith, who died on or about the 19th day of November, 1923, are required to file with Messrs. Ostlund & Brown, of Lethbridge, Alberta, solicitors for the Executor herein, by the 21st day of July, 1924, a full statement, duly verified, of their claims and of any securities held by them, and that after that date the Executor will distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which notice has been so filed, or which have been brought to her knowledge.

DATED at Lethbridge, Alberta, this 19th day of June, A.D. 1924.

OSTLUND & BROWN,
Rylands Block,
Lethbridge, Alberta.
Solicitors for the Executor.

Save Your Gas

By installing a Thermostatic Automatic Carburetor-Control attachment on your Ford-Car. It will enable you to make, by actual test, from 33 to 46 miles per gallon of gasoline, the only real gasoline saver on the market. The Control will soon be on the market for all makes of cars. The attachment can be seen at our shop. We have been appointed distributors for the Crow's Nest Pass district.

Smaller Legislatures

The demand, voiced generally by the people of Canada, for decreased expenditure in the administration of public affairs as a necessary and most effective means of bringing about a reduction in the burden of taxation now imposed on the country, has resulted in many suggestions being advanced which are hopelessly impracticable, because, in the final analysis, it would be found that the losses sustained through inefficiency would more than offset any savings effected through such false economy.

Other suggestions have been made which are deserving of close and careful study as they are seemingly designed to effect real economy without in the slightest degree prejudicially affecting any public policy or order. One such suggestion, which has found favor in many quarters, is that the membership of the Dominion Parliament and of the several Provincial Legislatures be reduced. The fact that Canada is notoriously over-governed is strongly urged as a reason for such reductions.

Some people have also advocated the union of the three Maritime Provinces into one Province with one Legislative Assembly, and the same suggestion has been advanced regarding the three Prairie Provinces. There is also a strong body of public opinion in favor of the abolition of the Senate.

While it would take a long time to bring about the union of these groups of Provinces, or to secure the abolition of the Senate, if, indeed, these things are desirable or feasible, there can be little doubt but that no dire results would follow a reduction in the membership of Provincial Legislatures. On the other hand, substantial reductions in expenditure could be effected thereby.

According to the latest figures available, Ontario has a Legislative Assembly of 111 members; Quebec maintains a Legislative Council of 24 members appointed for life and a Legislative Assembly of 85 members, a total of 109; Nova Scotia also has two chambers, a Legislative Council of 21 and an Assembly of 45; New Brunswick's Assembly consists of 48; Prince Edward Island has 20; Manitoba, 55; British Columbia, 45; Alberta, 58; and Saskatchewan, 62. This makes a grand total of 570 members to direct the machine of legislation in the nine Provinces. A reduction of anywhere from fifty to one hundred could be made with benefit to all concerned, except the members whose seats would be wiped out.

In this connection it is interesting to recall that at the recent session of the Saskatchewan Legislature a resolution was presented by a private member, but a Government supporter, in favor of a reduction in the membership of the Assembly from 62 to 50, such reduction to be made in the next redistribution. An amendment was offered by two other Government supporters favoring a reduction in membership, but not specifying the exact number of seats to be retained. This amendment received the support of the cabinet ministers and was unanimously adopted by the Assembly. It is likely, therefore, that Saskatchewan will lead the way in the near future towards smaller Legislatures.

Our present unduly large Legislative bodies is the direct result of the policy of nearly all Governments on the eve of an appeal to the electorate bringing down new redistribution measures providing for a re-arrangement of constituencies in view of changing population, and in so doing it will always be more popular to provide for increased population in certain districts by creating new constituencies than to wipe out a constituency or unite three into one where the population had decreased or remained stationary. Thus, simply by step, and almost unnoticed, our Legislatures have grown into unnecessarily large bodies.

Not only is it high time that this practice was discontinued, but there is real need for drastic action to correct the mistakes of the past, and bring the membership of the several Legislatures down to a number more nearly approximating actual requirements and needs. To accomplish this reform is quite simple, because the Provinces have the power in their own hands, to determine the size of their Legislatures.

The problem is not quite so easy of accomplishment in the case of the Dominion Parliament, which consist of 96 Senators and 235 members of the House of Commons. Membership in the Senate is fixed and is not likely to be increased. But the number of Commons is bound to steadily increase under the provisions of the B.N.A. Act which stipulates that Quebec shall always have 65 members and that all other Provinces shall be represented according to their population at the same ratio that 65 bears to the population of Quebec.

This proviso has not, in the past, resulted in any very rapid increase in membership as is indicated by the fact that at Confederation the number of members was 181 for the four Provinces of Ontario, Quebec, Nova Scotia and New Brunswick. Even as late as 1905, prior to the creation of the Provinces of Alberta and Saskatchewan, the membership of the Commons had only increased by 32, to 214. Since then, however, the increase has been more rapid, and the next House will consist of over 240 members. In other words, the increase in the last twenty years has been equal to the preceding forty years.

The time must come, therefore, when a different basis of membership must be fixed, unless the Commons is to become a terribly expensive and altogether unwieldy body. There is good reason for urging that consideration be given this inevitable problem now, rather than leave it to future years when it will unquestionably be more difficult to arrive at a solution satisfactory to all the Provinces.

Photographer.—I would suggest that you relax the features a little and assume a more pleasing expression.

C.W.N.A. Convention

Fifth Annual Meeting Held in Toronto

Attended By 385 Editors

Three hundred and thirty-five editors who gathered at the fifth annual convention of the Canadian Weekly Newspaper Association, which terminated a three-days' session at the University of Toronto, reported a general business improvement under way from coast to coast and that the outlook for the future was bright. Western editors said Western Canada was optimistic, and the crop promised to be a bumper one.

The convention went on record as deploring the apparent tendencies on the part of certain newspapers to be unfair in their criticism of public men whose actions did not coincide with the views of the publications.

Officers and directors for 1924-25 were elected as follows:

President, L. A. Eedy, The Telescope, Walkerton, Ont.; Immediate past president, J. E. Fortin, L'Esclapart, Beauveville, Que.; First vice-president, L. J. Ball, The News, Vernon, B.C.; Second vice-president, F. A. J. Davis, The Canadian, Carleton Place, Ont.; manager and treasurer, E. Roy Sales, Toronto.

Advisory Board—L. A. Eedy, Walkerton, Ont.; W. R. Davis, Renfrew, Ont.; Mercury, J. A. MacLaren, Barrie, Ont.; Examiner, V. Dubuc, Chateaufort, Que.; Le Progrès, S. N. Wynn, Yorkton, Sask.; Enterprise, F. B. Elliott, Alliston, Ont.; Herald-Western Directors—

British Columbia—Hugh Savage, The Leader, Vancouver; L. P. Sullivan, The Courier, Cranbrook.

Alberta—J. A. Carwell, The News, Red Deer; L. D. Nesbitt, The Mail, Bassano; J. MacKenzie, The Standard, Strathmore.

Saskatchewan—S. N. Wynn, The Enterprise, Yorkton; S. J. Dornan, The Dispatch, Alameda; H. T. Halliwell, The Progress, Estevan; Cameron McIntosh, The News, Battleford; Manitoba—J. L. Cowie, The News-Express, Carberry; R. C. Farrar, The Age, Gladstone.

Winnipeg will be the scene of next year's convention.

TOO WEAK TO WALK

The Sad Condition of a Brandon Lady—How Relief Came

"I owe my present good health to Dr. Williams' Pink Pills," says Mrs. Annie Trehearne, Brandon, Man., who tells her husband as follows: "Some years ago I had an attack of pneumonia and it left me in a state of weakness and I was unable to walk for a long time as I had practically lost the use of my legs. After having tried many remedies, which failed to help me, I became despondent over my condition for I had tried many remedies, which failed to help me. While in this wretched condition a lady friend came to me and gave me Dr. Williams' Pink Pills and I gladly began to take them and I gradually grew stronger, and I gladly continued their use until I had fully regained my old-time health and strength. Now if I feel at all run down at any time I at once take Dr. Williams' Pink Pills, and they never fail me. I can therefore warmly recommend them to others who may be run-down."

"There is no better tonic than Dr. Williams' Pink Pills to improve the blood and bring back strength after acute disease such as pneumonia, influenza, etc. Given a fair trial they will not disappoint you. You can get the pills from your druggist, or they will be sent by mail at 50 cents a box by The Dr. Williams' Medicine Co., Brockville, Ont."

Britain Has Small Standing Army

Reduced From Four Million to 156,935

Men Says Secretary For War. Great Britain, which during the war put an army of 1,000,000 in the field, now has an army that is smaller than Spain's or Holland's and not much larger than that of Czechoslovakia. This fact was brought out by Stephen Walsh, Secretary for War, in a Parliamentary question.

According to Mr. Walsh, Soviet Russia has the largest army in Europe. It numbers 1,903,000 men. France ranks second with 725,235. The British army, without including the Indian army, with a strength of only 156,935 men, trails Poland, Italy, Spain, Holland and Switzerland.

A safe and sure medicine for a child troubled with worms is Mother's Worm Expeller.

Cotton Matures Quickly In S. Africa. An experimental crop of cotton grown in the Douglas district of South Africa has produced 129 pounds per acre, maturing in five months, as compared with the seven months required in the United States, according to the Daily Mail's correspondent in Cape Town. South Africa, he adds, now has hopes of soon becoming one of the world's leading cotton producing countries.

The Kind "What kind of a man do you want for this job?"

"One who was a bear in the past, who will be a bull for the future, and a horse to work."

New Cancer Discovery

Serum Treatment Developed By Dr. Glover Not Claimed To Be

A definite cure for cancer is not claimed in the serum for treatment of the disease developed by Dr. T. J. Glover, according to physicians who have been working with Dr. Glover on the new treatment.

Dr. M. P. Warmuth and Dr. J. F. Donnelly, who have been trying out the serum at Philadelphia on more than a hundred patients at the National Stomach Hospital, express regret that they learn the premature publication of news concerning the treatment.

"The cancer serum developed by Dr. Glover is not presented as a cure and no such claim will be made for it," they insisted. In fact, very advanced or ordinary hopeless cases will have little to expect from it. The treatment is still in the experimental stage.

"The premature publication of our work will have a tendency to discredit it among medical men. We are not ready to present it to the medical profession. We can get only enough serum to treat experimental cases and we do not know when the general public can be supplied. It takes a year and a half to immunize a person, so the serum production is slow. Dr. Glover is not compelling for the \$500,000 price offered by Lord Atholstan, of Montreal, for a cancer cure. Dr. Donnelly said. He added that Dr. Glover was now "out of the country," but would return soon and resume his work."

Aid For British Airmen

Royal Canadian Air Force Completes

Work of Preparation. While developments are pending regarding the continuance of the British round-the-world flight, the Royal Canadian Air Force has completed its work of preparation for the cross-Canada section of the trip. The route of flight has been fixed and supply depots have been arranged from the Aleutian Islands to St. John's, Newfoundland. The air force headquarters have received no information as to the plans of the airman.

The present plans call for the following stops in Japan: Kagoshima, Kushimoto, Tokyo, Minatogawa, Yokohama, and Pusan. From there the line of flight continues to Nikolai, Khabarovsk Harbor, Nazan Bay, Datch Harbor, Chignik, Cordova and Yakutat, in Alaska. Thence the route follows the Yellowhead Pass to Edmonton, then to St. Mary, and across Georgian Bay to Lake Nipissing, then down the Ottawa River to Ottawa. From the capital the route goes directly to Fredericton and St. John, N.B., and then to St. John's, Newfoundland.

For Sprains and Bruises.—There is nothing better for sprains and contusions than Dr. Thomas' Electric Oil. It will reduce the swelling that follows a sprain, will cool the inflamed skin and soothe the pain. It will take the ache out of a bruise by counteracting the inflammation. A trial will convince any who doubt its power.

Eastern Market For Alberta Coal

One Hundred Thousand Tons of Western Product For Ontario

One hundred thousand tons of Alberta coal for points in Ontario, at a freight rate of \$5.50 per ton; the Dominion Government guaranteeing the rate provided the shipments to be made this summer and to be started as soon as possible.

That is the proposition that Premier Glenister has made to Hon. Mackenzie King, and which is the outcome of discussions both with the government in Ottawa and with railway officials during the premier's recent trip east. Early action is asked for.

If some men were able to make money as easily as they make trouble their wealth would soon become burdensome.

Minard's Liniment, the Athlete's Remedy

W. H. D. 1238

Trying to Prohibit Rodeo

British Society Fighting Practice At

Wembley On the Grounds Of Cruelty

"The members of the House of Lords have definitely said that the Prince of Wales hardly liked to encourage a sport against which there is the slightest ground for the founding of cruelty."

In these words Lord Denman in the House of Lords replied to the attack against the rodeo at Wembley, which certain well-intentioned but misguided persons are trying to prohibit on the grounds of cruelty to animals.

Lord Denman pointed out that a well-known Canadian rider recently won the trophy presented by the Prince of Wales for competition at the Calgary stampee. The Royal Society for the Prevention of Cruelty to animals is directing the campaign against rodeo owing to the refusal of the promoters to allow the inspectors of the society to have access to the animals.

Joint Soreness Subdued, Swellings Quickly Reduced

Wonderful Results From Rubbing The Sore Parts With

NERVINE

"My testimony should convince anyone that Nervine is a splendid preparation to use on swollen joints. Rheumatism laid me badly crippled," writes Anna F. Flurry, from Kingston, Ont., who writes: "I used McKays' Drug Store and they recommended Nervine, which restored me to normal health."

For Rheumatic pains, Lumbago, Sciatica, you will get lasting satisfaction from a six bottle of Nervine. Sold everywhere.

First Aid Trophies

Western Canada Captures Large Percentage of the Awards

Western Canada captured the largest percentage of trophies in the Dominion first aid competitions conducted by the Canadian branch of the St. John's Ambulance Society at Ottawa. The Montclair trophy, emblematic of the Canadian championship, was captured by "A" team, Western Fuel Corporation, Nanaimo, B.C.; International Coal and Coke Company, of Coleman, Alta., were runners-up. Other western prize winners were:

Wallace Nesbitt, "General," won by No. 14 Division, St. John Ambulance Brigade, Winnipeg; runners-up, First Brigade, Lethbridge, Alta.

Coderre Mines' Trophy, won by the Camrose, Coal Company, Camrose, Alta.; runners-up, No. 2 team, Western Fuel Corporation, Nanaimo, B.C.

Other Trophy, awarded for the first time, being presented by Sir W. D. Otter, K.C.B., and open to teams of the permanent and non-permanent militia forces of Canada, won by the staff, Military District No. 13, Calgary, Alta.

Shanahan's (western section) won by No. 2 team, R.C.M.P., Vancouver; runners-up, Depot Division, R.C.M.P., Regina.

In the Lady Drummond cup for proficiency in first aid and home nursing, open to teams of ladies, which was won by No. 1 C.N.R., Montreal, second place was taken by the ladies' F.A. Class, Nanaimo, B.C.

In addition to these competitions, the following provincial shields were adjudged by the director-general as follows:

Alberta, International Coal and Coke Company, Coleman.

British Columbia, "A" team, Western Fuel Corporation, Nanaimo.

Saskatchewan, Depot Division, R.C.M.P., Regina.

Manitoba, No. 14 Division, St. John Ambulance Brigade, Winnipeg.

In the Wallace Nesbitt junior prizes, awarded annually to teams of juniors, Boy Scouts, Girl Guides, and Cadets, the awards by provinces were:

Alberta, Boy Scouts, No. 1 team, Lethbridge.

British Columbia, Western Fuel Corporation, Nanaimo.

Minard's Liniment for Distemper

It is said that a fool and his money are soon parted, and yet lots of fools keep right on accumulating wealth.

The Palestine Exploration Society is soon to make excavations on the Mount of Olives.

GILLETTE'S PURE FLAKE LYE

I find it best for cleanliness
Don't call the plumber when the sink starts to clog. A little Gillette's Lye will probably clear it in a few minutes. Scour other areas around the sanitary house.

Increase in Tonnage At Vancouver Port

Harbor Commissioners Report Shows Advance In All Departments

Shipping in and out of the port of Vancouver during the calendar year 1923 showed an increase in all departments, according to the annual report of the Vancouver Board of Harbor Commissioners. Over \$133,000,000 worth of logs, lumber and general freight, including wheat, was exported, an increase of \$39,000,000 value in the outgoing cargoes. Inward, the port received \$221,000,000 worth of freight, an increase of \$13,000,000. In 1923 there was a total of 19,608 vessels in and out of the port, with a total net tonnage of 3,477,222. This is an increase of 2,839 ships and 792,828 tons over the 1922 figures.

The total number of ocean-going vessels last year was 845, which had a net tonnage of 2,804,883, an increase of 123 vessels over the previous year.

She Found Them Very Satisfactory

Saskatchewan Lady used Dodd's Kidney Pills for Dropsy and Diabetes

Mrs. P. Shaw says Dodd's Kidney Pills are certainly good for her. "My husband, Sam (Special)—That Dropsy and Diabetes are caused by weak kidneys and that the right way to treat them is to use Dodd's Kidney Pills, is again shown by the experience of Mrs. P. Shaw, a well-known and highly respected resident of this town."

"I suffered from Dropsy and Diabetes. My back and head used to ache, and I always felt tired and nervous. My limbs swelled and I was depressed and low spirited."

"I have taken Dodd's Kidney Pills during the winter. Twenty boxes in all, and they are doing me a lot of good. I have found them very satisfactory."

Mrs. Shaw's ailments were caused by weak kidneys falling to do their work of straining the impurities out of the blood.

"I have told my neighbors if Dodd's Kidney Pills do not heal and strengthen weak kidneys."

Deer Increasing

The number of deer in California is increasing despite the fact that the combined toll taken by hunters and mountain lions each year is at least 50,000. The state at present has a population of 200,000 to 400,000 deer, according to estimates of the California Fish and Game Commission.

No Rest With Asthma. Asthma usually attacks at night, the one time when rest is needed most. Hence the loss of strength, the nervous debility, the loss of flesh and other evils which must be expected unless relief is secured. Fortunately relief is possible.

Dr. J. D. Kellogg's Asthma Remedy has proved its merit through years of service. A trial will surely convince you.

Mrs. Jones—"Did you take a spoonful of castor oil? You know I would if I could." "You've me, 50 cents man, I drank the whole bottle."

"I am not the rose," says the East end proverb, "but I have been with the rose and therefore I am sweet."

Mustard is valuable in the diet

Did you know that mustard not only gives more zest and flavor to meats, but also stimulates your digestion? Because it aids assimilation it adds nourishment to foods.

but it must be Keen's

LOSS OF LIFE IN EXPLOSION ON U.S. WARSHIP

San Pedro, California. Three officers and 45 men of the battleship Mississippi were swept to death on the San Clemente fleet drill grounds, off this port, when a shell in one of the 14-in. guns of the ship's number two turret exploded prematurely, according to semi-official information given out from the U.S.S. New Mexico, flagship of division four of the fleet. Nearly a score or more were injured by the backblast that carried the terrific charge through the breach of the gun, instead of out through the muzzle.

The gun crew were preparing to fire one unit, as the great sea fighter's powerful broadside, when a sailor called out for the electricity to be turned for the charge. The switch was thrown on to ignite the shell before the turret was locked, and in another moment the interior of the turret was littered with dead and dying.

Ensign H. D. Smith, from the U.S.S. New Mexico, was the first man to enter turret number two following the explosion.

Upon entering the turret, Ensign Smith took with him an air hose, which immediately caused flames from the burning debris to shoot forth. After flooding the turret with water, Ensign Smith was able to enter. All the men were dead at that time, their faces swelled and puffed almost beyond recognition by the intense heat. Identification marks on the clothing, however, were still discernible.

Three-quarters of an hour elapsed after the fire in turret number two was observed from the quarters. Smith's deck before entrance into the red hot chamber contained the charred bodies of the entombed men could be made by Ensign Smith.

Church Union Bill

Contentious Question Is Again Before the House of Commons

Ottawa.—The bill to provide for union of the Presbyterian, Methodist and Congregational Churches has not been reported by the private bills committee, and is again before the House of Commons. The bill has been amended by the private bills committee in a number of particulars, but the change which caused most debate was that which provides that an act shall not come into operation until and unless the courts decide on it and the Presbyterian General Assembly and authority to agree to union, and that the bill is not beyond the jurisdiction of parliament. Two efforts were made to have this amendment rescinded, but both motions were ruled out of order. A motion was passed, however, to include in the report of the committee a record of the motion to rescind, and this will bring the whole issue before the House, where the effort to strike out the amendment is to be renewed.

Woolen Mill For Alberta

Negotiations Under Way For Erection Of A Mill Near Edmonton. A summer resort town about 60 miles west of Edmonton, may have what is believed to be the first woolen mill in Western Canada. According to reports received here, negotiations are under way at present for erection of the mill.

A group of Alberta business men and sheep breeders have formed a company called the Producers' Woolen Mills, Company, Ltd. The company, already has purchased about 80 acres of land, it is reported.

Construction will start, soon, it is said, and the promoters hope to have the mill in operation by this fall.

Trial of Chicago Youths on Aug. 4. Chicago.—Before an "impetuous crowd" that broke a courtroom door from its hinges in an effort to see the confessed kidnappers and slayers of 14-year-old Robert Frank, Nathan Leopold, Jr., and Richard Louis, Jr., pleaded not guilty to charges of kidnapping for ransom and murder. August 4 was fixed as the date of their trial.

The youths, handcuffed, each answered, "not guilty," to the indictments, their only part in the proceedings.

PAIN

Minard's, the great counter-irritant, penetrates to the root of the pain and gives quick relief.

Would Make War Too Terrible to Contemplate

London.—Another invention designed to make war too terrible to contemplate was given a test here by Ernest Wolah, its designer. The new war machine is a winged incendiary rocket, which, when fired into the air, will burst into a rain of molten metal, covering an area of from five to eight miles, destroying aeroplanes or anything within its range.

Manitoba System Is Acquired By U.G.G.

Government Has Alternative Offers for Elevators Under Consideration

Winnipeg.—The United Grain Growers, Limited, present lessees of the 122 Manitoba government elevators, was again successful in acquiring control of the system when tenders opened before Hon. Albert Prefontaine, provincial secretary.

Two propositions were placed before the government, an offer to take over the entire system on a rental basis of eight per cent per annum on the 1923 appraised value of \$232,600, or the alternative purchase of 43 elevators and lease of the remaining 79. The first offer will involve a rental value of \$74,658. Officials decline to divulge the purchase price offered. The government is considering both propositions and after expert appraisal of the value of the elevators sought by purchase, a final decision will be given to the company.

CLAIM MADE OF EXCESS PROFITS BY ELEVATORS

Ottawa.—Legislation to "curb" terminal elevator profits was urged in the House of Commons by O. R. Gould, Progressive member for Assiniboia. Mr. Gould complained that the terminal elevators at Fort William were making excess profits.

The discussion while trade and commerce estimates were under review. The board of grain commissioners came in for considerable reference. Touching on the inspection and weighing department of the commission, Robert Campbell, (Progressive, Medicine Hat), said that in the year 1917-18, forty-eight different grades of wheat had been shown as going into a Fort William elevator, while only five had come out.

"I hope," said Hon. T. A. Low, minister of trade and commerce, in reply, "to work out some plan that will remedy the evils complained of."

On an item of \$1,100,000 for administration of the Canada Grain Act, several Progressive members asked about the administration of the Vancouver harbor commissioners, and their criticism was crystallized by Thos. Sales (Progressive, Saltcoats), who said it was a "dangerous proceeding" to create the harbor board, and give it full powers to regulate grain handling rates, without the supervision of the federal grain commission.

A. Speakman (Progressive, Red Deer) emphasized the importance of having supervision by the grain commissioners at all points where mixing was carried on.

H. E. Spencer (Progressive, Battle River) asked if the grain commissioners had anything to do with the fixing of freight rates on the lakes.

Mr. Low replied that they had not. In the opinion of the grain commission, the rates were too high, he said.

Mr. Spencer said that he was informed that between points where there was no competition, shippers were held up by high rates, while where there was competition the rates were cut.

G. G. Coote, (Progressive, MacLeod) asked Mr. Low whether he was prepared to recommend that the commission's inspection fee be reduced in view of the fact that last year there had been a surplus of over \$400,000.

To this, Mr. Low replied that he would be very glad to recommend such a reduction as he felt satisfied that there would be a surplus next year. He pointed out that the result of 14 years' operation was a surplus of but \$24,000.

Mr. Coote remarked that the minister of agriculture inspected apples, butter, eggs and other things free of charge. Why should there be a charge for grain inspection?

Mr. Low replied that the western farmers had the benefit of toll-free government elevators at different points in the prairie provinces. The capital expenditure on these elevators was borne by the government, without any cost to the farmer.

Two workers were killed and several policemen seriously wounded in a labor riot at Kingston, Jamaica. The rioters burned the police patrol wagon.

Famous French Flier

SADI LECOQ

French ace, who plans competing in America this autumn for the Pulitzer prize, and who is now experimenting with a plane which he claims is the fastest ever made, being rated at 250 miles per hour.

New York Jewelers Sustain Heavy Loss

Customs Truck Robbed of 27 Packages Of Precious Stones

New York.—Ten armed bandits held up a United States customs truck, knocked the driver unconscious and escaped with 27 packages of precious stones which were being transferred from the general post office to the appraiser's stores. One unofficial estimate placed the loss at \$500,000.

The hold-up occurred on the corner of 12th and Eighth Avenues. As the driver of the truck turned the corner he was crowded against the curb by a taxi-cab from which four men alighted. Six other men thereupon leaped from a sedan parked along the curb and, joining the four, jumped upon the truck.

When the driver resisted he was struck on the head and collapsed. The bandits gathered up the packages, hustled them into the sedan and hurried to their two machines. They picked up Edward Foy, the truck driver, and bundled him into the taxi. At the corner of 14th Street and Broadway Avenue about seven miles away, they threw him from the car and hurried on.

The gems were consigned to Tiffany and Company and other prominent New York jewelers.

Agitators Are Jailed

Port William, Ont.—Three leaders of the organized body of unemployed in the city of Port Arthur have been thrown into jail, following fiery outbursts at a mass meeting of the men where speeches advocating overthrow of the municipal government aroused the passion of the men. Curses were heaped upon the Federal Government for its immigration policy and a salute was given to the cause of the I.W.W.

MR. WRIGLEY'S COUNTRYMEN

(From London Opinion.)

Calgary Grain Inspectors. Calgary.—More than eighty thousand bushels of grain arrived in Calgary on June 11th for inspection. This, according to George Hill, Dominion Government grain inspector, was of exceptionally high grade, the bulk of the wheat being No. 1 Northern.

Want French Troops Removed. Geneva.—Germany has protested to the League of Nations against the presence of French troops in the Saar Valley, the German coal region in which France was given by the treaty of Versailles the exclusive rights to coal mine exploitation for 15 years.

AUDIT WOULD HAVE SAVED LOSS TO DEPOSITORS

Ottawa.—Judge McKewen's report on the Home Bank was tabled in the House of Commons. He finds that if an effective audit had been made in 1916 or 1918 the result would have been either liquidation immediately following the audit, or amalgamation with another bank. No specific recommendation in regard to the reimbursement of depositors is contained in the report.

Replying to the question what the effect of the audit would have been upon the position of the present depositors, the report finds that:

(1) If made in 1916 the present depositors would have suffered no loss.

(2) If made in 1918 "I do not think any loss would have fallen upon them."

Referring to this point, Judge McKewen takes the ground that the condition of the bank as revealed by the representation made, was such as to justify an investigation, under the powers conferred upon the minister of finance, under section 56 A of the Bank Act.

The report recounts the steps taken by the minister of finance at the time. It analyzes the condition of the bank and in reply to the question what steps could have been taken by the government to save the situation, says:

"The only steps that the government could have taken to save the situation would have been to make a thorough investigation into the bank's affairs which would have resulted:

(1) In forcing the liquidation of the bank, or

(2) Bringing about its amalgamation with another bank."

The report says that there was no evidence of representations of any kind having been made to the government concerning the Home Bank subsequent to 1918. There was nothing to indicate that the attention of Hon. W. S. Fielding had ever been drawn to the existence of the various memoranda or to the correspondence.

Three Years For Horse Stealing. Regina.—Pleading guilty to nine charges of horse theft, Clifford Hart, Lang rancher, was sentenced to three years in the Prince Albert penitentiary by Judge Hannon in district court. Charles Stoughton, Grand Coulee, became implicated in the rustling, when he assisted in driving off six horses belonging to a Lang farmer, drew a \$400 fine with an alternative, one year jail term.

Prince Weds Commoner. New York.—Miss Margaret Green, daughter of the late Dr. and Mrs. James O. Green, New York, became the bride of Prince Viggo, of Denmark, on June 10. The Prince, by marrying a member of a non-royal family, relinquishes all right to succession to the throne of Denmark for himself, his wife and their heirs.

Postal Workers Have Sent Protests to Ottawa

Toronto.—Officials of the postal federation announced that protests have been wired to Ottawa against the new wage scale for postal employees, which is said to be a great disappointment to many members of the service. It was stated by some of the officials that it would take a few days to ascertain the views of the various branches of the service throughout the Dominion and until news had been received from outside points little could be done. The opinion was expressed that the new schedule would be rejected as totally inadequate and that concerted action would be taken to bring pressure to bear on the government to increase the rates to the minimum demanded by the employees in their ultimatum presented some months ago.

Guilty Of Manslaughter

Woman On Trial For Her Life Has Charge Reduced

Winnipeg.—The jury in the trial of Mrs. Katie Kadeniuk, charged with killing her husband at their home near Truman, Man., on March 9 last, reduced the charge and brought in a verdict of "guilty of manslaughter" after 45 minutes' deliberation.

The woman and her children, according to evidence produced at the trial, had been badly treated by her husband, and, according to her confession to the police, he had often threatened to kill her. Kadeniuk died in hospital from the effects of axe wounds. The woman, in her confession, admitted striking him with an axe on his head.

The two children of the accused told the court their mother had been kind to them, whereas their father had been cruel.

Collects Bounty On Monster Timber Wolf

Claimed To Be Largest Ever Trapped In Northern Ontario

Port William, Ont.—Standing as high as a St. Bernard dog, and measuring 8 feet 6 inches from tip to tip, a timber wolf, claimed to be the largest ever trapped in Northern Ontario, was the prize brought here by Oscar Hietala, of Dishlish, north of Port William.

Caught fast in a trap, which was twisted into scrap by a wild desperate battle, the wolf was killed with a bullet. Hietala collected a \$40 bounty.

Bandits Grab a Million

Chicago.—Train robbers riding in four automobiles held up the Chicago-Milwaukee and St. Paul mail train at Rondout, 35 miles from Chicago, engaged in a pistol battle with trainmen, and made off with 40 pouches of registered mail. The mail bags contained bonds and currency from the Chicago Federal Reserve Bank valued at a million dollars.

Famous Bandit Taken

Winnipeg.—Bill Niskanen, bandit, gunman and notorious jail-breaker, who made a sensational escape from the Stony Mountain penitentiary on October 23 last, has been arrested in California, and is being held for identification, according to a telegram received by Warden Meligen of the penitentiary.

IS THE NEWSPAPER

MAN A LIAR?

If the average newspaper man is a liar he generally lies to protect his community. If a boy goes out into the world and gets into trouble, the home newspaper says he was a good boy until he got away into bad company. If the town's tightwad who hugged his pennies to his bosom in life dies, the newspaper throws a mantle over him and says he hated wastefulness and that his hate for useless spending made him overcareful for his investments and his charities. If the town gossip dies he tells how she visited the sick and afflicted, and winds up by saying she was a good neighbor. If the home team goes away from home and get two day lights whipped out of them, the home editor tells the unsuspecting world that the team was made of second string players. The editor isn't a liar from choice. The truth struggles in his manly breast the same as it does in the village preacher, but the pride of his community makes him a trembling rabbit—and he lies to save the local pride of the town. Still—it's a great life if you don't weaken.—Exchange.

Our local contractor, E. J. Pozzi, has decided to take his eldest son, Louis, into partnership and henceforth the firm name will be Pozzi & Son.

Mrs. Boyle, beloved wife of Hon. J. R. Boyle, former minister of education and attorney-general of Alberta, died at Rochester, Minn., on June the 6th, following an operation for goitre. The remains were laid to rest at Edmonton.

We sympathize with our contemporary in being fined for neglecting to make certain returns under the Workmen's Compensation Act. We had a similar experience a short time ago. We neglected to send in \$1.49, and we now have a criminal record. We suppose if The Advocate had been \$5.00 behind, the whole staff would have been shot.—Red Deer News.

Should it become necessary for the Ottawa government to ship L. H. Putnam's remains (buffalo) to the Dominion capital, we would suggest that they be accorded the same amount of respect as was meted out during the past few years to illegal shipments of liquor from B.C. to Montana and that a battalion of A.P.P. officers be taken along as escorts.

Jim Nastasi appeared before Magistrate Gresham on Monday evening to answer the charge of having beer or liquor for sale. The case was adjourned till today, Mr. J. E. Gillis, of Gillis & Mackenzie, appearing for accused. This is the first case of this description to come up locally under the new Liquor Control Act. The suspicion of police authorities was aroused at such large quantities of beer and liquor having been purchased since the incoming of the permit system.

Pozzi & Son contemplate erecting a number of bungalows for rent or sale purposes. The first planned to occupy a site between the Putnam residence and the Court House. This we understand will be occupied by Mr. Robert Gray, the district manager for the wholesale firm of Plunkett & Savage (Lethbridge) Limited, whose family will arrive late in the fall from Scotland, where they have been visiting. Two other cottages will occupy sites fronting on Dearborn Street and Fifth Avenue south. All will be of the most modern type.

HILLCREST HAPPENINGS

Ed. Royle left on Wednesday on a business trip to Calgary.

Mr. A. N. Warriner is very busy erecting his garage. A. N. has taken unto himself a car.

Mr. and Mrs. J. Mackie, Robert Smith and Miss B. Smith left on Saturday morning for a motor trip to Vancouver via Spokane and Seattle.

Ed. Royle and family, Jim Price and Mr. and Mrs. O'Neill, of Blaimore, motored to Fernie on Sunday to take in the ball game—Fernie versus Kimberley.

The Hillcrest baseball team journeyed to Coleman on Monday evening to try and play a game of baseball on the rock heap known as a park. As Hillcrest is not used to playing on such grounds, they were naturally nervous and did not want any men hurt, so as to have a strong team for the Olympic Games in Paris. The result was 11 to 3 in favor of Coleman.

On Sunday next, Rev. H. Peters, of Bellevue, will preach in Hillcrest church. Service will commence as usual at 7.30 p.m. Mr. Peters is leaving the Crows' Nest Pass at the end of June and it is sincerely hoped that as many as possible will avail themselves of hearing Mr. Peters deliver a farewell message to the Hillcrest congregation. Miss Harrison and Mr. Tonks will sing.

As predicted, the return football match, Hillcrest versus Coleman, resulted in a win for Hillcrest by 4 to 0. To equalize matters a little bit, Hillcrest introduced a little more weight and gave Coleman such a grueling that they requested the second period be only thirty minutes instead of 45, as they were all in. Perhaps the Coleman correspondent to the Lethbridge Herald will take note of this. The star performer for Hillcrest, Jimmy Gorton, scored three of the goals. Perhaps Rev. Mr. Young, of Blaimore, and Joe Knowles, of Bellevue, would like a couple of games.

Hoss Snyder and W. J. Bartlett were week end visitors to Cardston.

An editor never has to worry one iota about being held up. Even bandits know that editors possess nothing.

Miss Elizabeth McLeod came down from Calgary on Friday last, on a visit to her parents.

A number of local Oddfellows and Rebekahs journeyed to Bellevue on Sunday afternoon, where they took part in the annual service of memorial and decoration.

Herbert J. Daly, president of the Home Bank at the time of its failure, died at his home in Toronto on the 9th. He's evidently gone elsewhere to give testimony.

A laugh is just like music,
It freshens up the day,
It tips the peaks of life with light,
And drives the clouds away.
The soul grows glad that hears it,
And feels its courage strong;
A laugh is just like sunshine
For cheering folks along.—Anon.

Sunday last was Dad's Day. Chickens and flappers were out galore while their young gaffers remained at home to give the dads a chance to come back. The girls all report having been extremely disappointed and declare that they no longer believe in the old adage that there is pep in the old bones yet.

Mr. and Mrs. Raoul Green have returned from an extended holiday trip.

A banquet was held at Calgary recently under the auspices of the Baptist Ministerial Association in honor of Rev. Dr. C. C. McLaurin, superintendent of Baptist Missions, who is retiring from the service of the Baptist ministry in the near future.

COWLEY HAPPENINGS

Miss Anderson spent the week end at Macleod.

Miss Doris Ryan, of Hillcrest, was a visitor during the week.

Mr. Biddle, Anglican rector of Pincher Creek, was a recent visitor.

Miss R. Blackburn, of Brockton, was a week end visitor at the Murphy home.

Mr. and Mrs. Archie Swart and children spent the week end at the Edwards ranch.

Peter Veregin, potentate of the Doukhobor community, was a visitor to Cowley on the 12th.

Miss Gusie Edwards has returned from Centralia, Ma., where she has been attending school for the past year.

A number of Cowley people attended the Stampede on Saturday at the Wild Cat Ranch. It was a decided success.

Mrs. Fred Tustian and slaughter, Retha, who have been visiting in Ontario for some weeks, returned home on Friday.

Richard Galvey, of North Fork, left on Friday for a visit to his old home in Ireland. He will also visit the Wenbley fair.

The Cowley Hotel received license on Saturday last for the sale of beer and the management were kept busy throughout the day catering to the thirsty ones.

On June the 12th, Daisy, eldest daughter of Percy Burles, of Cabin Creek, was thrown from her horse and suffered a severe concussion. At present writing, she has not regained consciousness. A trained nurse is in attendance and all possible is being done.

A disastrous fire occurred on Monday afternoon at the farm of E. Blas, two miles west of Cowley. The fire, which is supposed to have been caused by spontaneous combustion of hay, was too far advanced when discovered to allow of much being saved. A large barn, containing three horses, a number of implements, new wagon, four thousand feet of new lumber, twenty-six sets of harness and many other articles, was burned. Mr. Blas, the owner, was overcome by smoke in the building and was brought out by his partner, Mr. Lapointe. Both suffered rather severe burns.

Lilacs were in full bloom at Cardston on June 15th.

In Loving Memory

of
ISAAC STEPHENSON
who passed away June 16th, 1923.

"A year gone by no one can tell,
The loss of one we loved so well."

Inserted by his Wife and Children.

HEIRS WANTED

Missing Heirs are being sought throughout the world. Many people are today living in comparative poverty who are really rich, but do not know it. You may be one of them. Send for index Book, "Missing Heirs and Next-of-Kin," containing carefully authenticated lists of missing heirs and unclaimed estates which have been advertised for here and abroad. The Index of Missing Heirs we offer which contains thousands of names for sale has appeared in American, Canadian, Scotch, Irish, English, Welsh, German, French, Belgian, Swedish, Indian, Colonial, and other newspapers, inserted by lawyers, executors, administrators. Also contains list of English and Irish Courts of Chancery and unclaimed dividends list of Bank of England. Your name or your ancestor's may be in the list. Send \$1.00 (one dollar) at once for book.

Here and There

Comparative figures on the hydro-power installed in the United States and Canada show that the latter is far in the lead in respect of hydro-power installed per 1,000 of population. The United States has 10,455,000 h.p. of installed water power against Canada's water power installations of 3,227,414 h.p. The horse-power per 1,000 of population in the United States is 95, but in Canada it is 35.

A steady increase in the volume of wheat exports from Canada is noted in the monthly statement issued by the Bureau of Statistics. In April, 1924, 5,005,025 bushels in all were exported, as against 5,143,804 in April, 1923. Included in these figures are 32,845 bushels sent to the United States, 2,975,469 to the United Kingdom and 2,000,191 to other countries.

Approximately 90 per cent of Manitoba's wheat acreage has been seeded, despite the general lateness of work on the land occasioned by unfavorable spring weather. Practically every district, correspondent reports a reduction in the wheat acreage, with corresponding indications that barley and flax acreage, in particular, will be increased.

Alberta provided the bulk of the wool sold by the Canadian Co-operative Wool Growers' Association last year, 1,062,513 pounds, of the total of 2,542,265 pounds of the 1923 clip, coming from this province, according to a statement made by the general manager of the Association. Ontario growers took second place, with 636,076 pounds, followed by Manitoba—Saskatchewan, 459,658 pounds. Sundry shipments totalled 345,599 pounds.

The value of the building permits issued in 56 Canadian cities showed a large increase during April, as compared with March, 1924. Representative cities authorized buildings to the value of \$13,453,309, as compared with \$9,152,763 in the previous month. Nova Scotia, Quebec, Ontario, Manitoba and New Brunswick registered increases in the value of building permits issued.

Except in sheep, Canadian livestock and livestock products show an increase in shipments to the United States all along the line in the January-February period of this year, compared with the corresponding months of last year. Cattle shipments in the period were 11,150, compared with 10,810; beef 323,400 lbs., compared with 446,800 lbs.; bacon 81,700 lbs., compared with 30,100 lbs.; pork 165,300 lbs., compared with 30,800 lbs., and mutton 2,400 lbs., compared with 700 lbs.

P. AIRMORE Phone 105

The first annual pow-wow of the Trail Riders of the Canadian Rockies, which will be held July 19-18 at Yoho, will take place in a big sun-dance lodge decorated by Stoney Indians. The order aims to encourage travel through the Canadian Rockies, outdoor life, nature study, and forest conservation, and to honor early explorers. Many noted authors and artists have joined and E. W. Beatty, President of the Canadian Pacific Railway, has donated \$1,000 towards expenses.

The Canadian Pacific S.S. "Empress of Canada" arrived at Vancouver, B.C., on May 24th, following a world cruise of five months and nearly 30,000 miles. The passengers witnessed a remarkable eruption at Hilo, in the Hawaiian Islands, on May 17th. After a public welcome at Vancouver, they left for the East, stopping en route at Banff Springs Hotel for a dinner-dance. E. W. Beatty, President of the Canadian Pacific, who met the ship, said that she had done important missionary work in carrying the Canadian Ensign over the Seven Seas.

A negro mammy had a family of boys so well behaved that one day her mistress asked:

"Sally, how do you raise your boys so well?"

"Ah! tell you, missus," answered Sally. "Ah raises dem boys with a barrel stave, and ah raises em frequent."

Girls riding horseback should carry cushions—to protect the horse.

Arrangements are well under way for entertaining the members and friends of the Canadian Teachers' Federation during their trans-Canadian tour, which will take place August 4th-15th over the main lines of the Canadian Pacific Railway, in a train specially provided for their accommodation. Fort William, Port Arthur, Winnipeg, Regina, Moose Jaw, Calgary, Edmonton, Banff, Lake Louise, Vancouver and Victoria are all planning festivities. The Canadian Pacific is prepared to give the teachers a royal time at their beautiful Rocky Mountain resorts and the people of Victoria, where the subsequent convention will be held, will also help to make their stay in that city a memorable one.

And That Was Why
"So sorry to hear that your husband has been drinking again, Mrs. Miggins. Of course, drunkenness is a disease. He ought to be treated by a physician."

"Bless ye, 'e wouldn't mind that, sir! When my husband had a drop, 'e don't care 'oo treats 'im."

The Up-to-Date Hotel
Visitors—"Bring me some cracked ice right away!"
Bellhop—"Yes, sir; and have you your own corker, sir, or shall I fetch one?"

J. B. Rudd was one of the first berry-shippers from the Wymondell district this season.

BREWERY LIMITED

Queen Helena and Queen Mary were escorted through the Canadian Pacific Pavilion at Vombey by Lord Stevenon, with whom they are seen leaving the building. The policemen are members of the Canadian Pacific detachment from various parts of Canada.

Augustus D. Curtis of Chicago, Ill. and Geoffrey H. Bushby of London, England, whom he rescued from death after the latter had fallen exhausted following his fight from within 30 feet of Kilauea volcano during recent eruption. The "Big show" happened while the S.S. Empress of Canada lay at Hilo H. and many of the round-the-world passengers were ashore viewing the picturesque sight of the Hawaiian volcano region. Mr. Bushby had left the party to obtain a drink-up of the House of Everlasting Fire when the eruption occurred.

Ask and Receive

"What were you and Mr. Smith talking about in the parlor?" demanded Miss Blushes' mother.

"Oh, we were discussing our kith and kin," replied the young lady.

"Yeth, you wath," interposed her little sister. "Mr. Smith athked you for a kith, and you thaid 'you kin.'"

When he first came to see her, He showed a timid heart, And when the lights were low, They sat this far apart. But when this love grew warmer And learned the joy of a kiss, They knocked out all the spaces And sat up close together. —Exchange

Made to Fit
Mr. Newlwyed—"Good gracious, dear, what a long pie! It is surely too big for just two."
Mrs. Newlwyed—"I'm sorry, Coell, but I couldn't get any shorter rhabar anywhere."—Punching Show.

The Ontario Grand Lodge of the I.O.O.F. is meeting at Guelph this week, the session concluding tomorrow.

Electro-plating a Canadian Railway Operation

Photographs showing electro-plating operations at the Angus Shops, Montreal. No. 1 shows the tanks in which small articles are hung for plating, and No. 5 the lacquering process. The text below explains the other photographs fully.

Passengers on the Trans-Canada and other Canadian trains have often admired the tableware with which the dining cars are equipped, but comparatively few of the travelling public appreciate the extent to which electro-plating enters into every day use on a railway. As a matter of fact, practically all metal hardware parts of passenger equipment interiors are plated, many of the engine parts, including the copper reflector of the head-light are plated, and various platings are used on a thousand and one articles which enter daily into the life of a railroader. The traveller notices the silver plate perhaps more than any other, but many metals are used by the railroad companies. Gold, for instance, is used by the Canadian Pacific for plating copper center logs and similar articles, copper is used on lighting and other metal car fixtures, zinc on refrigerator hardware, nickel on kitchen utensils, tin on trainmen's lanterns, mercury on telegraph elements and aluminum or lead on miscellaneous articles.

At its Angus Shops, Montreal, the Canadian Pacific Railway Company has quite an extensive plant where the most of its electro-plating is carried on. The method used by this company is a simple one but none the less effective.

The articles to be plated are first chemically cleaned, after which they are usually hung from a metal bar into a long vat where they are immersed in a chemical solution which varies with the metal to be deposited. The electric current, which is of low voltage, is connected, the positive pole to the metal plate or plates, and the negative to the bar from which the articles to be plated are suspended. As the electric current flows from the plating metal to the suspended articles, the metal is carried through the solution and deposited in the form of a thin coating over the entire surface of the required article.

This process is well illustrated in No. 2, which shows two electric headlight reflectors in the process of receiving silver plating. In this case the plate of silver is suspended in the centre of the reflector, which is filled with cyanide of potassium solution, and the electric current flows from the plate to the reflector which is, itself, the negative pole.

Illustration No. 3 shows the next step in the treatment of the headlight reflector, which, by the way, gives the highest concentration of light known. This is hand polishing, the operator burishing two reflectors in a working day. For articles which can be readily polished by a rotating buffing wheel, this is accomplished in the manner shown in No. 4. Upon completion of the polishing operation, articles to be so treated are placed in a metal container and, by means of a small compressed air gun, sprayed with suitable lacquer. If it is desired to oxidize the plated article in order to make it harmonize with woodwork or other material, as is often the case with copper platings, it is exposed to heat or vapor, or immersed in some solution prior to the application of the finishing coat of lacquer.

The Canadian Pacific Railway Company was the first large corporation in Canada to install its own electro-plating plant, but during the last few years this method of protecting metal from oxidation has developed into quite an industry and one which employs a large number of Canadian workmen.

TENTH ANNIVERSARY OF HILLCREST MINE DISASTER

Today is the tenth anniversary of the great explosion which occurred in Hillcrest mine on the morning of the 19th of June, 1914, in which 189 lives were lost.

A memorial service is to be held at Hillcrest cemetery this afternoon and during the two hours of service all offices and places of business will be closed.

ADDITIONAL LOCALS

Fernie will stage a big field day on July 1st.

Inspector Davin, of the A.P.P., was up from Lethbridge yesterday.

Mr. Phillips, district telephone superintendent, is in town this week.

The regular semi-monthly meeting of the town council takes place on Monday night next.

Miss Ringland was up from Macleod yesterday to attend the Houghton-Warner wedding.

There is a woman at Vancouver by the name of Mrs. Cantell. The name in this case surely must be a misfit.

Dr. Hynes returned last night from a two weeks' visit to the coast, taking in Vancouver, Seattle and Spokane.

The F. M. Thompson general store has recently undergone a complete interior renovation and is now bright, spic and span.

The new one-million-dollar unit the Escondido mental hospital was officially opened by Mrs. Mary Ellen Smith, M.L.A., on Monday.

The world-touring British cruiser squadron, headed by H. M. S. Hood, the world's largest battle cruiser, will reach Vancouver on Wednesday next.

Boy bandits entered a drug store at Vancouver, held up the manager at the point of a pistol, took \$50 cash and made a get-away in broad daylight.

The British minister at Athens has informed the government in London that Greece will enter Albania to protect her interests if Serbia fulfills her alleged intention to occupy certain zones in Albania.

Successfully completing a hazardous and spectacular flight across Europe and Asia to the Far East, Captain Georges Pelletier D'Olisy, in irrep French aviator, has landed at the army flying field at Tokyo. His flight from Paris to Tokyo in 15 days, 15 hours, 15 minutes and 15 seconds, shatters, by many weeks a previous flight record by Italian fliers in 1920.

The Lethbridge Herald are getting out a special edition on Saturday next, to be known as the Macleod Jubilee Edition, giving special items concerning the doings at Macleod on July 1st to 3rd, which should prove interesting reading. The Bond boys and their helpers will have extra copies of this edition on Sunday morning and all who wish can obtain same from them or phone order to No. 301.

Quite a lively time was had at Hillcrest on Monday evening last when the board of Hillcrest School District No. 1918 sat as a court of revision. Harry Institute acted as chairman of the meeting. Besides two members of the board, three only ratepayers were present at the opening hour of 6, but before the close there were twenty present. No less than fourteen appeals were considered, mostly against car assessment, and substantial reductions were granted in most cases. It was complained that new cars were being assessed too low. In time ratepayers manifested sufficient interest to attend such meetings.

A wife is a person who will look thrilled while you tell what you said to the boss.

Correct this sentence: "We could get a car this summer," said she "but both of us prefer building a home."

Here and There

Comparative figures on the hydro power installed in the United States and Canada show that the latter is far in the lead in respect of horsepower installed per 1,000 of population. The United States has 10,455,000 h.p. of installed water power against Canada's water power installations of 3,227,474 h.p. The horsepower per 1,000 of population in the United States is 95, but in Canada it is 35.

A steady increase in the volume of wheat exports from Canada is noted in the monthly statement issued by the Bureau of Statistics. In April, 1924, 5,085,465 bushels in all were exported, as against 5,143,304 in April, 1923. Included in these figures are 42,905 bushels sent to the United States, 2,972,489 to the United Kingdom and 3,080,191 to other countries.

Approximately 80 per cent. of Manitoba's wheat acreage has been seeded, despite the general lateness of work on the land occasioned by unfavorable spring weather. Practically every district correspondent reports a reduction in the wheat acreage, with corresponding indications that barley and flax acreage, in particular, will be increased.

Alberta provided the bulk of the wool sold by the Canadian Co-operative Wool Growers' Association last year, 1,065,613 pounds of wool, totaling 2,843,365 pounds of the 1923 clip, coming from this province, according to a statement made by the general manager of the Association. Ontario growers took second place, with 636,076 pounds, followed by Manitoba - 543,588 pounds. Sundry shipments totalled 845,099 pounds.

The value of the building permits issued in 56 Canadian cities showed a large increase during April, as compared with March, 1924. Representative cities authorized buildings to the value of \$4,680,000, as compared with \$3,152,763 in the previous month. Nova Scotia, Quebec, Ontario, Manitoba and New Brunswick registered increases in the value of building permits issued.

Except in sheep, Canadian livestock and livestock products show an increase in shipments to the United States all along the line in the January-February period of this year, compared with the corresponding months of last year. Cattle shipments in the period were 11,100, compared with 10,310; beef 924,400 lbs., compared with 848,800 lbs.; veal 81,700 lbs., compared with 30,100 lbs.; pork, 165,500 lbs., compared with 98,200 lbs.; and lamb, 2,400 lbs., compared with 700 lbs.

The first annual pow-wow of the Trail Riders of the Canadian Rockies, which will be held July 17-18 at Yoho, on the trail of a big sun-dance lodge decorated by Stony Indians. The order aims to encourage travel through the Canadian Rockies, outdoor life, nature study, and forest conservation, and to honor early explorers. Many noted authors and artists have joined and E. W. Beatty, President of the Canadian Pacific Railway, has donated \$1,000 towards expenses.

The Canadian Pacific S.S. "Empress of Canada" arrived at Vancouver, B.C., on May 24th, following a world cruise of five months and nearly 20,000 miles. The passengers, witnessed a remarkable eruption at Hilo, in the Hawaiian Islands, on May 17th. After a public welcome at Vancouver, they left for the East, stopping en route at Banff Springs Hotel for a dinner-dance. E. W. Beatty, President of the Canadian Pacific, who met the ship, said that she had done important missionary work in carrying the Canadian Ensign over the Seven Seas.

Arrangements are well under way for entertaining the members and friends of the Canadian Teachers' Federation during their trans-Canadian tour, which will take place August 4th-15th over the main lines of the Canadian Pacific Railway. In a train specially provided for their accommodation, Port Williams, Port Arthur, Winnipeg, Regina, Moose Jaw, Calgary, Edmonton, Banff, Lake Louise, Vancouver and Victoria are all planning festivities. The Canadian Pacific is preparing to give the teachers a royal time at their beautiful Rocky Mountain resorts and the people of Victoria, where the subsequent convention will be held, will also help to make their stay in that city a memorable one.

Miss Gladys M. Baines, of Cowley, a student of the Garbutt Business College, Lethbridge, has been awarded a certificate for proficiency in rapid calculation by the McIntosh Publishing Company. Her average on four efficiency tests was 90 per cent.

USE YOUR HEAD

A woodpecker pecks
Out a great many sneaks
Of sawdust when building a nest
He works like a nigger
To make the hole bigger,
He's sure if his cutter won't cut
He doesn't bother with plans
Of cheap artians
But there's one thing can really be said:

The whole excavation
Has this explanation—
He builds it by using his head.

BEAUTY SPOTS OF CANADIAN ROCKIES

MAN and nature combine to provide a real out-of-doors holiday resort at Jasper National Park, Alberta, on the main line of the Canadian National Railway. Photograph shows a few of the beauty spots close to Jasper Park Lodge, the magnificent log cabin hotel of the C.N.R. which has been erected for the comfort and convenience of tourists wishing to make the most of the beautiful mountain scenery to be found within the borders of Canada's largest national park.

Centre photograph shows Mount Edith Cavell, an imposing pile named in honor of Britain's heroine war nurse. The darker, colored mountain to the right of Cavell has appropriately been named Mount Sorews. Mount Cavell, in addition to being the highest mountain in Jasper National Park, 11,033 feet high, is also one of the most beautiful from a scenic point of view. From the motor road which leads from Jasper Park Lodge almost to the foot of the Cavell glacier,

which, because of its peculiar shape is known as "The Glacier of the Ghost," a magnificent panorama of the Athabasca Valley is secured. Motor cars are available at all times, and there are also numerous pack and saddle horses, which may be secured, together with the services of guides, by those who wish to wander from the beaten track and thus approach some of the mountains which are not within the reach of the motor tourist.

STORE FLOOD WATERS AND PREVENT FLOODS

A year ago this month the Old Man River was in flood, with the result that Blairmore was partly under water. Great damage was done. The town of Blairmore had been put to heavy expense as a result of the flood, and has asked the Federal Government at Ottawa to assist to the extent of 50 per cent. of the cost of repairs to the banks of the Old Man River.

The request should bring forcibly to the Ottawa Government the need of some plan for controlling the waters of our mountain streams. Repairing the damage done after the flood is the closing the stable door after the horse has escaped. It has been pointed out in these columns before that proper reservoiring of the flood waters in the mountains would serve a two-fold purpose: preventing flood damage farther down the streams; conservation of water so that the annual run-off would become available for irrigation.

Floods are a menace: flood waters are a sheer waste until they are impounded to provide reservoirs to make hydro-electric and irrigation development possible.—Lethbridge Herald.

MAYOR McLEOD LIKELY TO APPEAL

We understand that Mayor McLeod contemplates appealing against the Ottawa Home Bank Commission's decision against his application for special consideration in the case of cheques purported to have completed transfer prior to the closing up of the bank.

The election for secretary held by Bellevue Local Union No. 481 on Monday, resulted in the re-election of Jack Brooks, who has filled that position for several years. Brooks' majority over Burke was 44.

Notice to Creditors

IN THE SUPREME COURT OF
ALBERTA, JUDICIAL DISTRICT OF CALGARY

IN THE MATTER OF "The Companies' Winding Up Act."

AND IN THE MATTER OF FRANK-CANADIAN COLLIERIES, LIMITED (in Liquidation).

TAKE NOTICE that L. F. Clarry, Esquire, Master in Chambers, has fixed the 27th day of June, A.D. 1924, as the date on or before which all creditors and others having claims against Frank-Canadian Collieries, Limited, in Liquidation under "The Winding Up Act," must send in their claims by post prepaid to the Liquidator, the Trusts & Guarantee Company, Limited, Calgary, Alberta, such claims to include the Christian names, addresses and descriptions of the creditors or claimants; and full particulars of their claims and the nature and amount of the securities, if any, held by them and the value of such security verified by oath.

After the said date the Liquidator shall be at liberty to distribute the assets of the Company or any part thereof amongst the parties entitled thereto having regard to the claims of which the Liquidator has then notice, and the Liquidator shall not be liable for the assets or any part thereof so distributed to any person of whose claim the Liquidator had no notice at the time of distributing the said assets or part thereof, as the case may be, and persons failing to send in claims as aforesaid will be perpetually excluded from the benefits of "The Companies' Winding Up Act" and the Winding Up Order hereinafter.

DATED at Calgary, Alberta, this 11th day of June, A.D. 1924.
THE TRUSTS & GUARANTEE COMPANY, LIMITED
Liquidator
H. A. TOWARD,
Manager for Alberta.
L. F. CLARRY,
M. C.

J12-19.

MACLEOD JUBILEE TO BE
A REAL OLD TIME RE-UNION

"Why! Hello Barney, you old son of a gun, Old Man Time is sure dealing lightly with you, you don't look much older than when I left you 50 years ago."

"What have I been doing? Oh, just knocking around, ever since I quit the force in '75, I can't seem to settle down. You know Barney, as soon as I heard about this Macleod Jubilee, and that was down in Los Angeles,

I said to myself, well here's a chance Doc to shake hands with some of the old boys, but I never for a moment thought I should meet so many of them, it's just like old times over again, and after all the old Town is worth while, and they couldn't have staged this celebration in a better place. Look at that, Barney, do you get that; old Walker and Saunders talking with Spear Chief, that old savage "Simulkana." He was a wily young Indian, wasn't he. He'd go through hell and back again if he thought there was any naplaka at the finish.

"Why, that isn't Jack Herron, is it, speaking with Pennofather? Well for the love of Pete, outside of being a little gray, John is as spry as ever. How's she coming, Jack?"

"Say Barney, I wouldn't have missed this Jubilee for three years of my life, and the Lord knows they're not very many now." Why, hello, Gallagher. What, you don't remember me? Sure, I thought you would, can you remember the party with Charlie Reach and Barnes? Don't worry, I'm not going to spill the beans, she was some time, eh, Paddy?"

"Hello, Harry, I suppose you're making a little fortune out of that Hotel? Do you still follow the ponies at all? Say Harry, tell me, is that Fred Haultain walking with Charlie Wood and Teddy Bryan? Oh Freddy, I'm coming over to see you in a while, you bet I'm having a good time."

"Isn't it wonderful, Boys, that we are able to get together again? Who ever thought of this Macleod Jubilee for the Police Veterans and Old Timers, deserves a great big drink of what's now legal. Say, where do you think you're going, Sam Heap; can you still give me the Derby winner of twenty years ago? No, my boy, you're too slick for me, I'm not going to call you. What's that you say, have I seen Primrose, no is he here? Well then, tell him from me I'm going to collect that little bet we made, he'll know what you mean,

it's twenty five years ago, but he can't get out of it."

"Well, well, well, if it isn't Ed Larkins, how's everything, Ed? Little tough, eh, of course we're not so young as we used to be, but believe me boy, during these three days we're going to forget how old we are, and throw off about 40 years, what do you say Ed, you bet I've got the stuff to do it."

"Come over here, Harry, and let's shake your hand. If you get much fatter, Dowson, you'll explode. Goodness alive, and her's old Bob Patterson. You couldn't resist the temptation, Bob, you had to come in and meet the boys of our day. Isn't it great, Bob, old scout."

"Say, listen, Boys, I'm going to have the happiest three days I've had for many a year. Oh that's all right Johnny Franklin, I'll ride 'em with you yet, and if I beat you you've got to sing, you know—"A little red bull came down from the Mountains a long time ago! Ha, ha, ha, we must go lads, they want every old time in this parade, and believe we'll be there, but don't forget this, these three big days, July 1st, 2nd and 3rd, in Macleod, will be three wonderful days of reunionism we'll never forget."

A Slight Difference

A motorist was stopped by a policeman for speeding, whereupon he became angry and called the policeman an ass. After he had paid his fine the magistrate reproved him for what he had said to the officer.

"Then I mustn't call a policeman an ass?" he asked.

"Certainly not," said the magistrate. You must not insult the police."

"But you wouldn't mind if I called an ass a policeman, would you?"

"Why, no, if it gives you any satisfaction," answered his worship with a smile.

The motorist turned to the man who had arrested him. "Good-day, policeman," he said, as he left the court.—London Tit-Bits.

Local and General Items

The local public school closes for the summer holidays on Friday of next week.

Quite a number of local members of the K. of P. attended the annual memorial service at Coleman on Sunday evening.

Bill Brennan, former well-known heavyweight pugilist, was shot dead in his New York restaurant on Sunday last.

Miss Lucy, youngest daughter of Hon. Frank Oliver, was quietly married on Monday to Charles Becker, of the attorney-general's department.

Dr. Rose, of Ottawa, was well known in this district during his several years of geological research, is again back with us for a few days. Dr. Rose's many friends are glad to see him.

When the Mauretania left New York on May 31st, she began her 805th crossing of the Atlantic and on docking will have completed one million miles of steaming.

Mr. and Mrs. Alf. Cummings were down from Fernie during the week. Mr. Cummings has been surveying for the new secondary service line for the Bull River power company.

Mrs. J. M. Carter returned Saturday morning from Calgary, where for some time she has been receiving medical and surgical treatments. Mrs. Carter, we are pleased to learn, is fast recovering.

The flag, which contrary to British rule was allowed to bow to the rising and setting of the sun over the Blaimore police barracks, has at last come down. The reason given for its long-flight was that the halcyons had become entangled.

The lodge hall at the corner of Victoria Street and Eighth Avenue, which for some months has been undergoing considerable changes, will be dedicated to the work of Oddfellowship on or about July 16th. It is expected that the Rebekahs will join in the ceremony.

The Coleman Journal last week reported that two thousand tourists passed through Coleman within a week, passing up their tourist camp. We are pleased to state that 1914 of that number stopped at the Blaimore campsite and used up 300 films, getting snaps of Blaimore's unsurpassable scenery.

Alex. Ross, minister of public works, was a visitor here the latter part of last week. In looking over the damage wrought by last year's flood and the amount of work already done in improvements by the town, he did not offer much in the way of assistance.

A grocer in a middle-west town was looking over the credit slips one day when suddenly he called out to a new clerk: "Did you give credit to Harry Moreleigh?" "Why, yes," said the clerk. "Didn't I tell you to get a report on every single man who asked for credit?" "And I did in this case," was the clerk's response. "The agency said he owed money to every grocer in town, so I thought if his credit was as good as that you would like to have him open an account here."

Nowadays a man who through force of circumstances steals a two-dollar ride from the C.P.R. on the cold roof of a box car, in order to get to where he might earn a respectable and honest livelihood is arrested by the Alberta provincial police, and given thirty days' work for the government, while the vandal who breaks into a store and really commits a crime is set free. And the most regrettable feature of it is that the fellow who is sent to jail for a trivial offense naturally feels branded as a criminal for the rest of his days and the influence drives him to further crime.

Albert Miodanski left Coleman last week on a visit to his home near Oriskany, Poland, to be back in several months.

W. F. Fleming, who but a week previous opened a barber shop here, pulled out on Thursday night last for Macleod.

Wah Lee, for some years proprietor of the Miners' Cafe at Bellevue, is moving to Kimberley, B.C., where he will operate a restaurant.

G. A. Pasmore and W. H. Chapell, who had been delegates to the Masonic Grand Lodge at Medicine Hat, returned home on Saturday morning last.

Stanley, six-year-old son of Mr. and Mrs. Arthur Bell, was drowned in the Old Man river near Lethbridge on Sunday last, while in the act of trying to rescue a fishing pole.

Mrs. P. J. Nolan and Mrs. W. D. Spence, of Calgary, were elected Alberta members of the national council of the I.O.D.E. at the recent meeting of the national chapter in Toronto.

Spud Murphy, who a few years ago was considered an obsolete in the line of baseball players, is this year staging a real come-back. Spud is imbued with considerable of the right kind of stuff, even yet.

A few days ago Principal Conway was giving a lesson on the crocodile. "You must give me all your attention," he said, "It is impossible for you to form a true idea of this hideous reptile unless you keep your eyes fixed on me."

After deliberating for seven hours, the jury in the Gallagher case returned a verdict of guilty on the charge of arson and on two accounts of making false declarations under oath, Gallagher was sentenced to the term of his natural life.

The fishing season opened up the early part of the week and scores of Waltonians have been trying their ability and their luck whipping the waters of open streams. Though the waters are high, some good catches have been made, and, unusual as it may seem, no reports have been exaggerating.

A. F. Grady, former postmaster at Macleod, who is an old timer and a booster for the approaching big fiftieth anniversary celebration of the establishment of the Mounted Police, was a visitor here on Monday, distributing literature, etc. Mr. Grady was a resident of Frank prior to and for a few years following the slide in 1903.

Rev. Harry Peters, of the Bellevue Methodist Church, exchanged pulpits with Rev. W. T. Young, of the local Union Church, on Sunday evening last. Mr. Peters was greeted by a large congregation, who listened attentively to a forceful and thoughtful sermon. Mr. Peters leaves shortly for the northern part of the province, where he will likely take up a new line of labor and his many friends here take opportunity of wishing him well.

British Columbia angling associations and Rod and Gun Clubs are showing marked results for their activities of the past few years. In the Fernie and Cranbrook districts streams have been stocked with the very best species of fresh-water trout and salmon and only this spring some quarter of a million fry have been deposited. It is too bad that some similar action cannot be taken in this district, where we have so many streams and lakes admirably adapted to the propagation of game fish. Practically all the streams in the district could look after deposits successfully. On several occasions last year efforts were made by residents of Fincher Creek and Cowley to secure co-operation of Pass anglers, but were unsuccessful.

ICE FOR SALE—Apply to Union Hotel, Frank.

Mr. J. H. Tabors, of the Tabors Candy Company, Medicine Hat, returned last week and on a motor trip through the Okanagan and as far as Trail and Princeton.

T. C. Phillips, former auditor for the C.P.R. on this division, who quit that post a few years ago to take up an agency for the Ontario Mutual Life Assurance Co., has been appointed manager for Central Alberta, with headquarters at Red Deer.

WANTED—To hear from owner of good farm for sale. State cash price, full particulars. D. F. Bush, Minneapolis, Minn. May 22

Glorious Hair—
in 90 Days or Money Back

Women who wish to stimulate the growth of their hair should use Van Ess Liquid Shampoo. A glorious head of strong vigorous hair surely follows its consistent use, and constant use is easy because Van Ess comes fitted with a patent rubber applicator that feeds the medicament directly to the roots of the hair, eliminating messy massaging with the fingers. And the flexible Van Ess applicator brings a healthy circulation of blood to feed the hair roots. Buy your Van Ess on 90-day treatment plan. Money back if it fails.

"OCEANS OF POWER"

THE NEW OVERLAND 91 literally has "Oceans of Power!" The famous OVERLAND Engine as improved in the New 91 develops SEVEN HORSEPOWER MORE than former models, which will take you up and practically over any hill in the Blaimore district without a gear shift. This is only one of several important factors in the "New 91" that has made it "The Most Car in the World for the Money."

Call in and ask for a Demonstration—You will be convinced.
